

Dear Clement Township residents

You may remember filling out a survey at the end of 2018 pertaining to developing recreational uses for our township community center and developing land in order to meet the various recreational needs of our community. We would like to provide you with some feedback on the results of that survey. Please see the below highlights:

- We sent out surveys with the tax bills to all of our residents who receive tax bills.
- We received some great input. Please see the below table as the areas which were highlighted as areas of interest from the respondents.
- We had sixteen residents indicate that they would be willing to help with this project and four residents indicated that would possibly be interested to help. We hope to also have people interested in various short term volunteer opportunities.
- The township has applied for its first grant for monies to help begin renovation of the community center.
- The township will be applying for additional grants to help pay for other developments which meet our community's interests.

Areas of Interest		Inside or outside activity
Farmers Market	70%	Outside
yoga exercise Zumba	67%	Inside
Walking Trails	63%	Outside
